

Explore the Tasman Glacier Terminal Lake & Icebergs!

Glacier Explorers is the only tour of its kind in New Zealand, and one of three in the world! Very few glaciers terminate into lakes and even fewer of these are accessible to the average person.

By using a boat we get close to towering icecliffs and huge floating icebergs. The boats provide a safe way to unseen and inaccessible areas of New Zealand's largest glacier. Being able to view, touch and taste 500 year old ice is a new experience for most people

An up close amazing encounter with icebergs, on a glacial terminal lake. Depart from Mount Cook Village outside **The Hermitage Hotel**. The bus will take you on a pleasant trip to the Tasman Valley, followed by an easy 1/2hr stroll through the National Park.

Then board your MAC boat, and enjoy the ever changing ice face of the Tasman Glacier icebergs on the Tasman Glacier Terminal Lake. Commentary throughout the trip by your experienced guide.
