

8 Days Kiwi Highway!

Day01 Singapore – New Zealand

Day02 Canterbury

After arrive pick up your car at airport. Make your way to your hotel.

Informative, exciting and altogether Antarctic!

Our Aquarium displays some of the actual specimens from the Antarctic ocean floor in McMurdo Sound.

Explore our Gallery area which is packed full of informative displays showcasing modern day Antarctica, including the Antarctic treaty partners, the human impact on the continent, the wildlife and plant systems and Antarctica's effect on the globe. Our gallery area encourages 'touching' of most of the exhibits to ensure visitors experience Antarctica in a fun and interactive way.

Visitors conclude their Antarctic journey with a 14 minute sound and light show "Beyond the Frozen Sunset". Filmed by Emmy award winning film maker, Mike Single, it follows a seasonal arc from sunset to sunrise, weaving in stunning footage shot by mounting a camera to the underside of a helicopter.

This majestic audio visual show captivates its audience and leaves visitors with a moving experience of "having been there".

The nocturnal nature of the Little Blue penguin means that most people miss out on sharing in the magic of these little birds.....UNTIL NOW!

The New Zealand Penguin Encounter is New Zealand's first combined indoor/outdoor penguin viewing area with capacity to hold up to 26 Little Blue penguins.

Climb aboard the amazing Hagglund genuine as-used-in-Antarctica all terrain vehicle, sit back, hold on and experience travelling across rough terrain in this unique and exciting machine! We aim to simulate the same travelling conditions as scientists would experience riding in a Hagglund across the icepack.

This ride is the only one of its type in the world. It showcases the demanding capabilities of the Hagglund ATV.

The outdoor adventure course we have built is designed to put the Hagglund through its paces in a fun but very safe environment. Visitors buckle up before they are taken out on an exhilarating ride over mounds, a crevasse, speeding across open ground and through a pond of water to display the Hagglund's amphibious capabilities.

Day03 Lake Tekapo

Obtain an idyllic photograph of the Church of the Good Shepherd on Lake Tekapo with its backdrop of magnificent alpine scenery. This is a unique opportunity to visit a fully functioning scientific observatory where astronomers from the University of Canterbury (New Zealand) and Nagoya University (Japan), amongst others, are conducting fascinating research using large 1-metre and 1.8-metre telescopes.

Our experienced guides will describe the exciting new MOA (Microlensing Observations in Astrophysics) project which uses the largest telescope in New Zealand (see image right) to observe over fifty million stars each clear night, searching for dark matter and new planetary systems orbiting other stars.

Enjoy the stunning panoramic views while learning about the spectacular geographical features of the Mackenzie basin, its alpine lakes, glacial deposits and mountain ranges. Your guide will also relate the history of the area, recounting infamous tales of sheep stealing and lupin spreading!

Take time out and relax in the surrounds of our ultra-modern glass Astro Café and enjoy fresh food and great coffee while sitting 300 metres above the turquoise waters of Lake Tekapo.

Stargazing tours depart nightly from our office in the Lake Tekapo township. We will take you to our observatory high above the village where we will explore features of the majestic Southern Sky.

Tonight you will see the million stars – if weather is good! We provide the equipment and the guidance, all you need to bring are keen eyes, warm clothes and a desire to see, learn, and experience!

Navigating our way through the Southern Sky using various telescopes and the naked eye, we will show you amazing sights such as our own Milky Way Galaxy, the Southern Cross, Alpha-Centauri – our closest neighbouring star at only 4.3 light years away – and Sirius, the brightest star in our sky.

Behold and learn about our closest neighbouring galaxies, the Magellanic Clouds, which grace our night sky along with constellations such as Orion the Hunter and Scorpius. You may also have the opportunity to see star clusters like the beautiful Jewel Box; awe-inspiring planets; nebulae, immense clouds of gas and dust; and distant galaxies which test the limits of human imagination.

Day04 Queenstown

Across the pristine waters of Lake Wakatipu and through the tranquil beauty of the willow lined Kawarau River, the Jet boat then speeds into the shallow, fast moving braids of the Shotover River. The 43 kilometre, hour long adventure highlights the magnificent diversity of Queenstown's waterways.

Unique glimpses of local life are afforded as the homes lining the lakeshore flash by, before passengers take in stunning views of the Remarkables mountain range and natural land formations. But it's not just the views and river gardens – the excitement begins on the Shotover River, where your driver's skills are challenged as he navigates the shallow, braided channels of this world-renowned river. At speeds of up to 85 kilometres per hour, in water often less than 10cm deep – this is where the Jet boat comes into its own. When you return to the Main Town Pier you'll descend beneath the lakes surface to view the Underwater Observatory where you can feed the fish that thrive close to the shore. Photos from your trip can be purchased here as mementos of your unique Jet boat adventure.

In an unforgettable Jet boat experience you'll be transported from the sophisticated downtown area into the channels of two of New Zealand's most scenic rivers.

Enjoy a sumptuous dinner in the Skyline Restaurant, serving up a Taste of New Zealand buffet of legendary proportions.

Day05 Milford Sound

Milford Sound is simply stunning. It is a natural wonder of world fame. In Maori legend, the fiords were created not by rivers of ice, but by Tu Te Raki Whanoa, a godly figure who came wielding a magical adze and uttering incantations. Milford Sound (Piopiotahi) is without doubt his finest sculpture.

Whatever the fiord's mood - teeming with rain or with sun glistening on deep water - it will inspire you. Nowhere else in Fiordland do the mountains stand as tall, straight out of the sea. In the foreground of the fiord stands the legendary Mitre Peak, a remarkable presence dominating the skyline.

The Milford Road (between Te Anau and Milford) travels through some of the world's most impressive alpine scenery. Our experienced drivers love sharing some of the breathtaking highlights and there is plenty of time for photo opportunities.

Day06 Dunedin

Follow to Dunedin - acquired an impressive amount of ostentatious Victorian architecture.

A sensation in sight, smell and sound. Experience the mystique of a working chocolate factory, sample and purchase Cadbury products and much more.

Cadbury World is located in the centre of Dunedin city at the Cadbury Factory site. The Visitors Centre is a colourful and educational environment with chocolate themed displays where you can learn about the history of Cadbury and chocolate through the ages.

Then take a fun filled and fascinating guided tour around the Cadbury Dunedin chocolate factory and sample Cadbury product along the way! Included is a visit to the unique chocolate fall housed in a five storey high, decommissioned crumb silo

At the end of your Factory Tour, you'll be invited to browse through the Cadbury World Store. Here you can choose from a wide range of special products including chocolates, clothing, hats, bags, toys, novelty items and many souvenirs. Take away delicious Cadbury chocolates and something special along with a lasting memory of your experience at Cadbury World.

Day07 Canterbury

Travel up north across the Canterbury plains - heart of the South Island is a region of sweeping plains, rolling hills and unspoiled coastline. Set against a backdrop of the spectacular Southern Alps, the Central South Island is diverse, authentic, and full of unexpected discoveries.

After follow to Moeraki Boulder Moeraki Boulder - It is also home one of New Zealand's most iconic natural wonders – the Moeraki Boulders and, offers the opportunity to view wildlife in their natural habitat. From artists' studios to a seal colony to seaside restaurants and cafes, North Otago's coast is a detour worth taking. Moeraki Boulders 40kms south of Oamaru and encompasses five sites that collectively offer a mixture of natural, historical and built attractions.

Canterbury Plains is about as straight and flat as roads get in New Zealand. On a clear day, the Southern Alps provide outstanding scenery. The town of Rakaia sits on the southern side of the Rakaia River, and it's 'the salmon capital of New Zealand'. The Rakaia bridge spans 1.8 kilometres of one of the world's best examples of a 'braided' river system.

rural historic The town historic preserved Visitors are our blue The birds the Colony. Evening Viewing is as late as 9:00 pm while during the winter our birds are arriving home as early as 5:30 pm. Arrival numbers

Ashburton, which sits between the Rakaia and Rangitata rivers, is a large town that serves the local community. Your trip south is straight and flat. Timaru is a small but beautifully formed city. The walk will introduce you to many of the heritage buildings.

Oamaru has a population of around 12,000 and an impressive heritage. Many of the elegant buildings were made from the local sandstone. Visit the Harbour-Tyne area - the best-collection of historic commercial buildings in New Zealand.
